Dear Mr. Paquin:

**Re: Letter of Support for Energy East Pipeline Project**

Flagstaff County Council is pleased to offer our commitment to support the proposal for the Energy East Pipeline Project.

We believe this project offers tremendous potential for economic growth opportunities such as tax revenues and job creation in all provinces and territories across Canada as well as significant benefits to local communities and businesses in services such as food, accommodations, hardware, fuel, parts and more. This project will have a significant positive impact in the Flagstaff Region.

We support TransCanada in this endeavor to successfully move the crude oil from Alberta to New Brunswick.

Yours truly,

A handwritten signature in black ink that reads 'S. Armstrong'.

Shelly Armstrong, CLGM  
Chief Administrative Officer
