**Re: Support for Energy East Pipeline Project**

---

To Whom It May Concern:

On behalf of the Council of the Municipality of North Norfolk, I would like to express Council's support for Trans Canada Pipeline's Energy East Pipeline project.

The Council of the Municipality of North Norfolk fully supports the pipeline project and realizes the positive economic impact it will have on many municipalities on the Prairies.

The Municipality of North Norfolk has dealt with Trans Canada Pipeline for many years and have always been impressed with their impeccable safety record and their communication with Council and the public. Council expects much of the same with this Energy East project and feels confident in the line's safety.

Council believes the project is good for our community and for Canada as a whole.

Sincerely,

Valorie Unrau, CMMA  
Chief Administrative Officer
