June 19, 2014

Energy East Project
TransCanada PipeLines Limited
450-1st Street S.W.
CALGARY, Alberta T2P 5H1

TO WHOM IT MAY CONCERN:

The R.M. of Martin No. 122 at their regular meeting of council held on June 11, 2014 agreed to send a letter of support for the Energy East Pipeline Project as requested. Darren Paquin, your Community Relations person, has visited our office a few times now and has been very good at explaining the project and addressing any questions we have. He has indicated that they are preparing to submit their NEB application this summer and would appreciate letters of support from municipalities along the pipeline route to accompany the application.

As consumers we have become dependent upon oil for everyday use. Such a pipeline project will ensure that consumption levels we have become accustomed to will be available without more stress added to our road infrastructure. Therefore the R.M. Martin No. 122 supports a project of this magnitude and expects that economic and environmental spin-offs will be generated.

We trust that the public relations we have already developed with Trans Canada will continue on into the fruition of this project.

Yours truly,

Elaine Olsen
R.M. Administrator
