Dear Sir:

RE: SUPPORT FOR THE ENERGY EAST PIPELINE PROJECT

Further to information received from a representative on behalf of TransCanada Pipeline's Energy East Project, please be advised that the Council of the R. M. of Oakview discussed the Energy East Pipeline project at their regular meeting held on June 9th, 2015. A resolution was passed by Council indicating their support for the project. Please find attached a certified copy of the resolution passed by Council.

The Council of the R. M. of Oakview believe that the safety of transporting oil products via pipeline far exceeds the possible safety and liability issues that can arise during the transportation of these products via rail or highway.

It is hoped that the Energy East Pipeline project will proceed as soon as possible. Please feel free to distribute copies of this document indicating support of Energy East to the National Energy Board

Yours truly,

Diane Kuculym, C.M.M.A.
C.A.O.
