Dear Mr. Seier:

Re: Support for Energy East Project

The Council of the Town of Carlyle, at the Regular Meeting of June 17, 2015, passed the following motion:  
“That Council authorize a letter of support to Trans Canada regarding the proposed pipeline project.”

With a school on either side of the tracks running through our town, we are very concerned with safety. The Town of Carlyle is eager to see this project get underway.

Yours truly,

Huguette Lutz  
Chief Administrative Officer
