RE: Energy East Pipeline Project

---

At their regular meeting held on July 8, 2015, the Council of the RM of Dufferin #190 discussed the above captioned matter.

Kindly be advised that the Council has passed a motion supporting the Energy East Pipeline Project. There will be substantial economic benefits to this project from increased tax revenues for municipalities; local job and commercial activity; to lessening the impact on road and highway infrastructure for crude oil currently being trucked to processing facilities.

The Council of the RM of Dufferin #190 fully supports the TransCanada Energy East Pipeline project and looks forward to the long term benefits it will bring.

Yours truly,

Rodney E. Audette, RMA  
Administrator
