Attention: Darren Paquin, Community Relations

Energy East Pipeline Project

Dear Mr. Paquin:

Council of the Rural Municipality of Elton (Elton) wishes to register its support for the development of the TransCanada Pipelines Limited (TCPL) Energy East Pipeline Project.

In the many years that TCPL has operated gas and oil pipelines within the boundaries of Elton, they have been an exemplary neighbor and community supporter. Their dedication to safety is apparent in their programs for maintenance and emergency response, which are continually updated and improved upon.

Transportation of oil via underground pipelines lowers risks that are inherent with movement by railway or highways, in addition to reducing maintenance and replacement costs.

Elton fully supports the construction of the Energy East Pipeline.

Sincerely,

Ross Farley
Reeve
