Dear Sir or Madam,

The Rural Municipality of Indian Head No.156 wishes to express its' support for the development of the TransCanada Energy East Pipeline.

There will be positive economic impacts in Saskatchewan, job growth, increased tax revenue and increased activity for local businesses.

Oil that is currently being hauled on public highways and rail lines could be transported through the pipeline creating huge financial and environmental benefits.

The constant and secure supply of oil to Eastern Canada via the Energy East Pipeline will reduce Canada's reliance on imported oil and provide economic benefits to Eastern Canada.

The R.M. of Indian Head fully supports the development of the TransCanada Energy East Pipeline project.

Thank you.

Sincerely,

Lorelei Theaker,
Administrator
