TransCanada – Energy East Pipeline Project

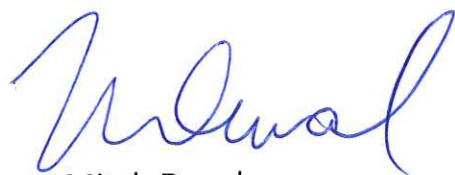

To whom it may concern:

The RM of Ritchot would like to express its support for the TransCanada – Energy East Pipeline Project.

Our municipality is very concerned about transportation of oil products in our municipalities. The environmental safety concerns for pipeline distribution that are now in place surpasses the possible dangers of rail or trucking transportation, therefore we support TransCanada initiative for the project, as per the attached resolution.

Should you have any questions, please do not hesitate to contact the writer.

Regards,

Mitch Duval
CAO

**Municipality of Ritchot
Resolution
November 3, 2015 - Regular Council Meeting**

TransCanada Pipeline – Letter/Resolution of Support Energy East

Resolution Number: 2015 11 13

WHEREAS TransCanada Pipelines is asking Municipalities to support the Energy East Project, which runs through the Municipality of Ritchot;

AND WHEREAS they are asking for Resolutions of Council, Letters from Council, as well as a reference Letter from the Emergency Coordinator regarding TransCanada's response to the Otterburne incident;

THEREFORE BE IT RESOLVED that Ritchot Council authorizes that a letter of support of the Energy East Pipeline Project be submitted to TransCanada, as well as a reference letter from the Ritchot Emergency Coordinator in regards to TransCanada's response to the Otterburne incident.

For: Mayor J. Hunt, Councillors E. Dumaine, R. Mamchuk, J. Robert

Against: Councillor C. Webb

Carried.

Certified a true and correct copy of Resolution
passed by Council assembled in St. Adolphe, Manitoba.
