To Whom It May Concern

***RE: TransCanada's - Energy East Pipeline Project***

Be advised, that by motion of Council, the R.M. of Elcapo No.154 fully supports the development of the TransCanada Energy East Pipeline.

The R.M. recognizes the minimal environmental risks and safety aspects that the pipeline will pose to move oil to Eastern Canada compared to the risks associated to move similar volumes of oil by rail or highway.

The Energy East Pipeline Project will provide substantial economic benefits to all regions of Canada and will secure a long term supply of oil to Eastern Canada and reduce Canada's reliance on imported oil.

Yours truly,

Mervin J. Schmidt  
R.M.A.
