To whom it may concern (Re: Energy East Pipeline Project)

Dear Sir/Madam;

The Council for the County of Newell has unanimously passed a resolution in support of the Energy East Pipeline Project. While the County of Newell does not have any direct impact with the project alignment, County Council fully supports that pipelines are the safest and most efficient way to move oil to markets world wide. The benefits of pipelines far outway the risks of other means of transporting oil to markets.

The County of Newell wishes TransCanada the best of successes for the Energy East Project.

Sincerely,

Kevin Stephenson, CAO
